- Staking shall be in accordance with the rules of the O.S.N.S.W. i.e. Flowers may be supported in the best possible manner for presentation. This support should be in a manner so as not to be obtrusive and distract from the overall beauty and charm of the plant. With a single flowered genus e.g. Paphiopedilum, Lycaste etc., ties or support shall be no higher than immediately below the ovary. If it is necessary to tie above the bottom flower or top branch, the judges are permitted to penalise or temporarily remove such tie for the purpose of judging.
